“My life is blessed with the massage tub
— I love it big time!”

Pain Relief

“My wife has had two back surgeries and a neck surgery, along with arthritis pain in many joints. **Massage therapy in our jetted tub from Hydro Massage gives us a better life.** We have owned several jetted products over the years so this is not our first rodeo. The flexibility to purchase a tub that fits the person and offers the features to benefit the user’s needs were the criteria that won our search. The ultimate test is with the user. My wife really said the following: **It’s the first time I ever had a tub that fit me; The jets are placed to help my back, neck, thighs, and feet; The water stays hot with the inline heater: The water purification system is most important.**”

“**My joints hurt less and I have less visits to the chiropractor.** I definitely recommend this company. The staff is so knowledgeable and friendly. **I have never been happier with how much it helped me.**” G.S.

“**I suffer from migraines, back and neck problems,** and dry skin due to the dry Colorado

air. Once I picked out the style of tub I wanted, Ron and Jenny made sure the jets were placed in the exact spots I would benefit most from. **My headaches have been cut more than half, and my back and neck feel like they used to many years ago.** Thank you so much for such a wonderful system.” Annette Brown

“**I have multiple health problems, including hip surgery, back and neck surgery, and cervical dystonia.** I must admit I was a little skeptical about the oxygen soak therapy, but I found the oxygen soak helps my circulation, skin, and pain. **I highly recommend this system for anyone seeking relief from various body ailments.**”
Linda Hoster

First time: A BAD Experience.

“We built our home in 2015, and as many construction projects go, our expenses quickly went over budget. As final selections were made, we made a decision to select a bathtub we found on Amazon.com. The price was about \$2,000 less than models we had priced locally, and it seemed like a great way to save money and help the construction budget. It was a nice looking tub, and also had jets which was a feature we really wanted to have.

Initially, the tub seemed fine, although the jets were placed so high that the water would spray out of the tub unless they were pointed directly down. After a few months, when we used the jets, they began to spew a gross black mildew into the tub. Even with regularly cleaning the jets, the problem would re-occur every few months. After about two years, the water pump failed, and since there was no access panel, it was virtually impossible to fix the broken pump.

We’ve also had the faucets become loose and leak water. We suspect that the shell of the tub was not thick enough to support the faucets properly and the constant flexing would cause the faucets to loosen. Finally, we had a major leak from the tub, which caused the ceiling in our dining room below to be destroyed. Now we have no choice but to pay for the tub removal and have a major repair to our ceiling. We estimate that we’ll have spent over \$5,000 (and countless hours of our time) in less than 6 years addressing the list of issues

We’ve learned an expensive lesson and hopefully for anyone that reads of our experience will be saved from a similar mistake.

Second Time: A Better Choice.

We did our research the second time and just ordered a quality Hydro Massage bath to replace the first one! “ The Hylands

Pain Relief - Fibromyalgia & Arthritis

“**This tub is great for body aches and pain.** I have fibromyalgia and it helps me tremendously. I love my tub with custom jets, and extra shoulder and foot jets.” R. Dominguez

“**I could not believe the difference the tub made with my arthritis.**

Thank you so much!! You are the best to work with — even long distance.”
Gloria Sacco

“I want to tell you how much we enjoy and love our Hydro Massage tub. My husband has juvenile rheumatoid arthritis, which causes chronic pain, and the mornings are the worst time. **In the mornings his pain level is probably an 8 or 9. After a good 20 minutes in the tub, he can move again, usually it drops the pain down to a 4.** Being able to relieve some of that stiffness and get moving is huge. He’ll use it at nighttime in order to ease away the tension or the stress of the day so he can relax and go to bed. We use it twice a day most days, it is well loved and well used.” Amy

“I deal with arthritis and because of kidney issues, I refuse to take most meds. Instead, I treat my arthritis naturally and I have found this **Hydro Massage massage tub to be excellent for pain relief.** I can’t thank Ron enough!”
Mary Jo Cook

Hydro Massage Satisfied Customers

“The service from Hydro Massage has been best in class!” — James Dudek

Massage

“There isn’t a feature I don’t like, but I have to say **my favorite is the sole soother!** I love having my feet massaged!!” C.K.

“Hydro Massage helped us pick out a tub that would work and what was really important to me was the very powerful therapy system they got me into. They found the right setup, including all the different therapy features from the jets to the air. It is probably **the most powerful jet tub that I’ve ever been in!**”

“The Revive System you installed is one of a kind. **I not only sleep better, I have really soft skin** from it without the dryness I used to have.” A.B.

“I am so thrilled with my new bathtub. It is exactly what I dreamed of. **The air jet features and Revive oxygen system exceeded my expectations.**” R.M.

Products

“My husband, who had never taken a bath in 20 years, now takes a bath at least weekly and always add the **Enhance** to the water. **It has made a difference** in how soft our skin is.” Christina King

“We use the **Enhance**, it’s a product you can add to your tub that **helps soften your skin and also keeps the jets clean.** We also use the **Hydro Clean** as well, that we flush through the system once a week and it keeps those jets clean and keeps it smelling fresh.”

Online Ordering

This was a big project and we were a little skeptical ordering a tub, just by photos online. **Everything was just as described and we couldn’t be happier with the tub.** The delivery time was just as quoted and we actually, received our “custom” tub, faster than our “stock” cabinets from a big box store! Thank you for making this big project a little easier! Dan & Kim Hunt

“Thanks, Ron, for helping us with our tub selection. Since we live in a rural area, finding your selection online was great. **You were so helpful guiding us through the process** and we had full confidence we had arrived at the right tub for us!” Louise

Customer Service

“**I have never had a better customer service experience than with this company.** These are the 4th and 5th tubs we’ve ordered from them, and the first ones are still ticking after 18 years. I would order from them again and again.” Christina Knoles

“We want to give Hydro Massage a shout-out for making our “dream” bathroom a reality! **The whole process, from ordering to delivery, was just as promised.**”

“Ron was great to work with. I called several times asking many questions, and he answered them all, plus provided additional information. **Customer service is great.**” R. D.

“**The customer care was awesome.** They helped me figure out what size tub I needed and explained all the features. Thank you so much!” Robin Moneyhun

Overall Satisfaction

“**I wanted to share how much I love every feature of our new bathtub!** It’s truly a great way to end the day with a long soak! There isn’t a feature I don’t like. I also love knowing I am rejuvenating my skin with the Revive feature. It is so awesome for mind, body, and spirit! Thank you for such an incredible tub!” Christina King

“We love our Hydro Massage tub, **it is my favorite thing in our house!** I soak in this luxurious tub daily. I’m thrilled with this purchase! The company is super responsive and always so helpful!” Jennifer DeRita

“Wonderful!! Worked with the owner Ron who is so honest and caring. **I recommend Hydro Massage if you want a very personalized, perfect fit tub for your bathroom.**” Q.C.

“I love my tub! This was by far my best investment. It is a chunk of change but what you get is priceless. **Just do it, you won’t regret it!**” Elaine Jacovini
