COMBINATION MASSAGE SERIES

Combination Massage Series

Transport yourself to the ultimate hydrotherapy experience with both air and water jets working in concert to target your stress zones and relieve aches and pains. Take advantage of the flexibility created by adding chromatherapy, aromatherapy, or sound to your home bath to heighten your well-being. Care for your mind, body, and spirit—whether melting away tension and preparing for a great night's sleep, or relieving chronic pain and inspiring you for a wonderful day.

Renew. Reconnect. Rejuvenate.

SOOTHING SOAK SERIES

Rest. Restore. Regenerate.

The Soothing Soak Series is available on all our baths. Our Whisper Flo Heat Pump will gently circulate warm water to increase circulation, soothe tired muscles and joints, and enhance relaxation. This system will insure that your bath is always hot and enjoyable. Lean your head back on the cushion pillow and escape in the simplicity of a soothing soak.

HEATED OXYGEN SOAK SERIES

Relax. Replenish. Revitalize.

You will definitely enjoy a soak in one of our ReVive Hydrotherapy baths, and love it even more when you realize how much the extra oxygen benefits you. This revolutionary system increases oxygen levels in the water up to 60%. More oxygen helps with more energy, less stress, increased metabolism, increased circulation, and a better ability to help your body maximize nutrient absorption. The bath will stay hot as you soak. The ultimate in anti-aging Hydrotherapy!

Engineered For Your Health and Wellness

MORE JETS:

Our Combination Whirlpools feature 21-50 Hydro Therapy Jets in 8 custom styles which deliver a superior experience

FULL BODY MASSAGE:

We have designed, engineered and positioned our jets on the back, neck and feet which address the body's trigger points and help nerve impulses for maximum health benefits

SORE FEET:

Sole Soother Jets target the over 214,000 nerve endings in the feet. Seven oscillating streams of water help bring relief to sore aching feet.

SORE BODY:

These nerve endings are connected to all the major organs in your body. Sore feet mean a sore body. A massage to your feet will help improve nerve function and will help make you feel better all over!

Quality Pumps—Better Massage

- Our **Super Flo Pumps** were exclusively designed for us. They deliver the maximum gallons of water to our jets which provide the best Hydro Muscle Therapy (HMT). Customize your experience with soft, medium or a deep tissue massage.
- Our **Variable Speed Warm Air Pump** is one of the best performing & quietest pumps available. This pump allows us to offer superior Hydro Thermal Air Therapy (HTT). Select multiple speeds, pulse & wave modes.

1500 watt inline heater maintains water temperature

- The Inline Heater helps to insure you enjoy a relaxing hot bath which is standard on most baths.

1.25 Variable Speed Air Pump with heater, Quiet Vibration Pad, Pulse and Wave Modes to customize your massage

EZ Clean Dual Stage Tile Flange

EZ Clean Low Maintenance

Remodel & Replacement Alcove Baths

- Our exclusive EZ Clean Tile Flange not only enhances the beauty of your Hydro Massage tub, it also effectively eliminates water leakage and reduces mold and mildew problems on the caulking at the deck of the bath
- Older tubs and some competitors models have caulking between the deck of the bath and the tile. The caulking tends to erode and absorb contaminants, causing a black layer of bacteria, mold and mildew to accumulate.

Some Competitor's Black Mold at the Deck of the Bath

NEW TECHNOLOGY

Ultra Clean Plumbing System

- **Arched Tubing 3"-10"** above the jet outlets will maximize water drainage & Sanitation. This provides better drainage than traditional horizontal plumbing
- **Smooth Wall Non Toxic FDA Recipe Tubing** is primarily used in all of our baths instead of flexible or ridged Polyvinyl Chloride pipe.
- **Clean Plumbing Lines** are made possible by our unique jet design that helps prevent over 40% of the tubing to be filled with water after operation. This provides a much cleaner whirlpool system.
- **Clean Design Jets** deliver great Hydrotherapy and are Substantially cleaner than most other jets on the market today. They can be removed for cleaning and are smaller and more compact to prevent pockets of water retention.
- **Exclusive Drain Down Ports** on most of our models greatly reduce water retention within the manifold and jet system. Most other manufactures allow the water to sit in the jets and plumbing.
- While all whirlpools & Air baths have potential for water retention, we have minimized it with our baths.

Healthy Air Massage Baths

- **OUR PLATINUM HTT** Air Baths provide better Hydrotherapy which helps increase blood circulation and relief to the body's 400 Trigger Points. With direct air jet therapy for the back, legs and feet. Most Air Baths have only perimeter air ports.
- **STAY HOT:** Our Whisper Flo Heat system provides a clean healthy bath that helps maintain the water temperature for over 30 minutes. Other air baths can lose as much as 12 degrees in 10 minutes of use even with a heated air blower.
- **CLEANER WATER:** All of our air jets include check valves which help prevent bath water from back-flowing into the plumbing lines. This reduces the chance of bacteria & fungus growth. On a air channel bath without check valves the water will back-flow into the channel then it will drain out & be dried with the purge cycle potentially leaving a residue.
- **FRESH AIR BUBBLES:** We use non-toxic FDA Recipe Tubing on our Air Baths to help insure the air going into the bath and your lungs is safer than a air bath that uses an air channel with styrene. Styrene is a volatile organic compound and a known carcinogen.

When your bath is drained, the arched plumbing uses gravity to insure less water remains in the plumbing lines

WATER PURITY

A Proven System for Keeping Bathwater *Pure and Hygienic*

If water purity is a priority in your bath, Hydro Clean™, Hydro Cleanse™ and our Enhance™ Bath&Body Solution are highly recommended for use in your Hydro Massage Whirlpool or Air bath.

The Hydroclean™ unit is one of the healthiest, safest and greenest products you will ever use in your whirlpool bath. It will help maintain a clean bathing experience.

- It is a National Sanitation Foundation approved sanitation system for whirlpools. EPA approved as an anti-bacterial disinfectant, USDA approved as an organic food additive
- The Hydro Clean Unit was laboratory tested and proven to kill up to **99.9% of most bacteria** in whirlpool plumbing systems

Hydrocleanse™ will help maintain a clean and fresh whirlpool or air bath by removing body oils, fragrances and soap residue. Increased effectiveness when combined with the Hydroclean™ Sanitation System.

Hydroclean™

Hydrocleanse™

Enhance Bath & Skin | Enhance Soak in Vitamins

Enhance Bath & Skin solution provides the following health benefits:

- Re-hydrates and nourishes your body with natural vitamins and minerals. Moisturizes your skin and leaves it silky smooth.
- Helps eliminate Bio Residual contaminants on jets and internal plumbing system. Naturally purifies water for a healthier home bath experience. Reduces cleaning and maintenance of the bath surface.

SPA TREATMENT

Now you can create your ideal environment with Chromatherapy specifically for the bath. Your Hydro Massage bath may be installed with either the Chromatherapy Lighting Kit, which allows you to cycle through the full spectrum of color, or the basic Underwater Lighting Kit.

PURPLE: Acts as an appetite regulator and cardiac stabilizer. It can help suppress symptoms of irritability and agitation and reestablish a peaceful state.

BLUE: A cool color which can go deep within and relieve inflammation which produces a calming effect.

RED: A highly stimulating color, red can activate blood flow and may help counter anemia since it promotes the production of hemoglobin.

GREEN: Has a calming effect and restorative powers on the mind and body. It can also counter fatigue, stress, and may help insomnia.

YELLOW: Stimulates motor and nerve functions, making it helpful with problems related to the nervous system and the brain.

Special-made just for you!

Hydrotherapy can:

Reduce stress • Relieve aches & pains • Improve sleep • Aid in injury/surgery recovery
